

CNWS Campaign Contribution Restrictions – Councilmember Pledge

A. On August 21, 2021, the Concord City Council (“City Council”), at an open and public meeting, selected Concord First Partners, LLC, a Delaware limited liability company (“Developer”) to negotiate with the City of Concord (“City”) and possibly become the master developer of a potential development project to include a mix of residential, commercial, and public uses substantially consistent with the approved CRP Area Plan (“Project”).

B. On October 26, 2021, the City Council approved an Exclusive Agreement to Negotiate by and between the City and Developer (“ENA”), which prohibits Developer or Developer Restricted Individuals from making or soliciting certain campaign donations.

C. The ENA further requires Developer to ensure that the Developer Restricted Individuals not solicit its or their or Developer’s employees, contractors, or subcontractors working on the Project (“Developer Agents”) to make any such donations.
